Originally called Polytechnic College — which literally means "many arts and sciences" — the Methodist Episcopal Church, South, founded Texas Wesleyan University in 1890. e school held its rst classes in September 1891, with 111 students.

In 1902, H.A. Boaz assumed the presidency and led the university's rst period of substantive growth. During his tenure, new residence halls, a ne arts conservatory, a science hall and a gym were built. Enrollment increased each year at the new university, which was located a few miles from the growing city of Fort Worth.

When Dallas was selected by the church leaders as the site for Southern Methodist University, the Polytechnic campus was designated the Woman's College for Southern Methodism, eventually becoming Texas Woman's College in 1914.
